To Whom It May Concern,

Re: Ashley Scott

I am pleased to write a reference letter for Ms. Ashley Scott.

Ashley has been volunteering with Mathnasium Vaughan since January 2015 every Monday afternoon. During her time here Ashley taught mathematics to students, updated student binders, and helped with administrative duties.

Ashley has also worked at Mathnasium during our one - week March Break Boot Camp as a math instructor. During the boot camp Ashley taught mathematics to students in grades 2 to 6 using a selected Mathnasium curriculum workout book. Ashley displayed professionalism at the centre at all times, and was very reliable. It is clear to me that Ashley loves working with students of all ages. She displayed enthusiasm towards mathematics during the teaching sessions and it is apparent that our students enjoyed working with her.

If you should have any questions regarding Ashley please do not hesitate to contact me.

Thank you,

Katrina Kowalski,
Centre Director
